## Ice Ice Baby...

Good grief! Talk about a mess! Everyone was impacted by the big ice/snow storms this past month. Between school cancellations and installation shuffles, it has been a hectic and stressful month. Everyone needs to be very cautious when driving on the icy roads. Talk to DeMolays, Jobbies and Rainbows to make sure they understand what to do if they hit an ice patch (do you???) This is when cell phones really do pay off and every youth should carry the number to AAA or a towing company when going out on the roads this winter. **PLEASE, PLEASE** be safe.

## Workshop was a BLAST ! !

Well, other than wrecks blocking the interstate Friday night and snow Saturday morning... a good time was had by all. We had some outstanding installations, thanks to Stillwater, Del City, and Edmond chapters putting together degree teams. The fun night was.... "interesting". There was an awful lot of chocolate sauce and toilet paper left over... not a good mixture.

Saturday had some good and informative leadership training, capped off with a magician and the hypnotist. As was usually the case, the state officers and sweethearts will be talked about for months for their antics !

The sweetheart talent show was full of outstanding performances, AGAIN. The ladies never cease to amaze us with their ability to entertain at the highest levels (certainly better than American Idol!). The evening was wrapped up with a dance that lasted into the wee hours, followed by the traditional "How much pizza can we stuff in our faces?" party until 1:00am (and some were still eating it for breakfast!)

**Congratulations to Siloam Chapter** for winning Chapter of the Year. Edmond gave them a good run for the money, but with the sweep Siloam made of most of the workshop awards, it was evident that they had been working hard. All the rest of you guys; there is next year... GET STARTED ! !

Dad McKinney turned over the reins of workshop. Thanks for all the work you did, Dad Griz. Your influence on the young men

and women of Oklahoma is been greatly appreciated!!! As they said at workshop, he isn't leaving, just changing hats! Now, on to ritual !!!

## Time to Get that Scholarship paperwork in

If you didn't get to go to the York Rite workshop seminar on scholarships and financial aid, it isn't too late to find out what you need to do. Go to the OKDEMOLAY website, click on scholarships, and get started. We will have the powerpoint presentation that talks about where to go to register for FAFSA (??) and other vital information available.

Audra Main from Rainbow for Girls has provided her e-mail address to help answer any of your questions about financial aid. When in doubt, go to the experts ! !
