DeMolay Month is Upon Us !!

It's time to let everyone know what DeMolay is all about! Have you got a full slate of events planned??

We will celebrate DeMolay Month in each of our chapters and districts, with two big events also occurring this month; Frank Marshall and the annual Dodgeball tournament in Guthrie. (Read about Frank Marshall below).

The Dodgeball Tournament last year was a real treat. First time that was done and a great success thanks to Dads Pierson and Hanna. This year will probably feature the same format and there will be a dance afterward.

You can do yourselves and DeMolay a great service by making sure your local newspaper covers any events you may have (like proclamations from mayor, community events, etc.) It is a great way of letting everyone know what DeMolay is all about.

I wonder if the Sweethearts, Jobbies and Rainbows will have the **GUTS** to field a team this year??????

Frank Marshall Coming up...

Its that time of year again when the Oklahoma DeMolays (and Rainbows) head to Arlington to compete in the Frank Marshall Championship Tournament. For most, this is a spring break week, so getting out of town fairly early should be easier than trying to leave on a school day and getting in at 10 or 11 at night.

It sounds like we should have a good representation from the state. One thing a little different this year... everyone will be staying at the same hotel across from Six Flags, but the competition will be held in Ft. Worth (! !). There will be a shuttle service running competitors back and forth, so whatever you do, **DON'T MISS THE BUS !!**

There will also be some fun at Six Flags and Medieval Times after the competition is over. Who could pass up on a chance to eat with your hands **in public?** Dad Cook in Stillwater is looking for any other DeMolays that may want to go to Medieval Times so we can get a better discount rate.

District Brotherhood Events a big hit

The State officers came up with a great way to celebrate our fraternity with Brotherhood events in each of the districts. There were even a special guest as our state executive officer made a couple of the events.

This whole concept seemed to work real well and should be adopted as a regular

activity for Oklahoma DeMolays... maybe even moved to DeMolay Month in March !

Still time to get that scholarship paperwork in

Another reminder to get your paperwork together for scholarships. If you are a senior (or even a college freshman or sophomore), there is money available through the Masonic organizations. If you are a high school junior, now is the time to take the ACT and start putting together a list of scholarships that are available. You really need to get the paperwork train started in early January.

Have you visited the website lately?

Things continue to get better as Dad Cook adds new features to the web site. The latest addition is a discussion board, allowing chapters to post announcements and carry on discussions about DeMolay or other matters. It is a good opportunity to share ideas and coordinate events on-line.

Check it out... and look for even more and better changes soon!

Pictures from the past month...
